DESCRIPTION

This bill increases from 10 days to 15 days the time within which a person performing a marriage must certify the marriage and return the marriage license to the issuer.

Under the bill, it is the public policy of this state to recognize marriage only between a man and woman. Any purported marriage between persons of the same sex is invalid and will not be recognized in Missouri, even if valid where contracted.

The bill also clarifies that a person who does not have a Social Security number may obtain a marriage license as long as the person signs a statement that he or she does not have a Social Security number.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
